and coming start up opportunities

Networking opportunities within the
community of business owners,
entrepreneurs and community leaders.

ABOUT US

GAN's role is to serve as a catalyst for economic development, facilitating deal flow between accredited investors and high-quality investee opportunities as well as providing investor and investee education services.

When you invest in a startup, a ripple effect happens. Jobs are created, local economies are strengthened, families are supported, dreams are realized, and technology advances into the future. With an angel investment, everyone involved wins.

Since 2012, our members have invested over \$25 million in over 75 companies, through initial financings as well as follow-on rounds of financings.

OUR FOCUS

GAN members focus on investing in transformational opportunities in very large addressable markets. A strong founder team have applied technology to create a product or service that has a compelling fit and significant value proposition for customers. We typically apply seven criteria when selecting opportunities to present to GAN:

- ✓ Team (passionate, adaptable)
- ✓ Terrain (large addressable market)
- ✓ Technology (product quality and IP)
- ✓ Traction (evidence of customers buying)
- ✓ Terms (appropriate investment terms)
- ✓ Timing (scale-up plans to reach size)
- ✓ Target area for GAN

Currently GAN is targeting opportunities across a number of sectors, including health care (services, delivery and treatment management), climate and decarbonization technologies, and software solutions for B2B processes and education delivery. GAN is an active supporter of female founders.

FROM OUR MEMBERS

"As a corporate member we have exclusive access to what is happening in the community. We get to see the early stage companies pitch. We get to see angels in action with their classy version of "Dragon's Den" questioning. We get to introduce potential angels to the network and attend information sessions, conferences and other great networking events. Managing Director Michael Badham runs a very professional operation that has the respect of other angel groups and venture capitalists across Canada."

**- Stuart Morley MBA, President,
Morley Consulting**

"GAN has provided me with great experiences through the ecosystem they provide. Participating in meetings, networking and working with creative and intelligent members has expanded my views on how I look at opportunities and sharing my expertise during critical conversations."

**- Penny Stayropoulos, CFA, CIM, TEP, CFP, FMA
President and Founder
PB Total Wealth Advisory and Consulting Corporation**

THANK YOU
